May 2014

Pepperpots Open Event

On the 14th June, our whole Scout group, is holding an open event celebrating the lead up to our 60th anniversary celebrations. We are inviting the local community and anyone reading this article! The Mayor of Gedling and Vernon Coaker have already provisionally accepted their invites. It starts at 2pm at our beloved Pepperpots, finishing at 6pm. The idea of the event is to show the community all of the awesome things we do at Peppers, how awesome our site is, and get them involved in our scouting adventure.

To do this successfully we will need a lot of help, not going to lie about that! If we all do our little bit it should be easy and not too hard on any individual. The more help we get, the more amazing this event will be! All we are asking of you is some time, whether that is in the preparations: lending a green hand to get the site looking its best, or on the day: setting up, running the cake and coffee stall for a little while, assisting where needed around the site and/or helping to clear up afterwards.

So help us to be the best we can be, to show everyone why we are worth supporting, to promote scouting as a beneficial, fun and rewarding organisation to be involved in for young people and adults alike!
